Talk to us

**We are open 24 hours per day, this should be used as the pathway for all emergency mental health presentations which do not require an acute medical intervention in an emergency department.**

**We accept people who require an emergency mental health response of 1 hour or less. These may include**

- **Actively suicidal including those under MCA**
- **At risk of mental health hospital admission**
- **Intoxicated but can sit upright and not require ongoing physical observations**
- **People who have self-harmed but do not require suturing**
- **Must be over 18**
